### Recording Practice Log

Students are required to practice a minimum of 2 hours a week and submit their recordings to verify this. Ideally practice should be four 30 minute practice sessions. Parents can help by reminding and enforcing consistent practice habits with their child. Grading is based solely on the time invested and not the focus of that practice time. Grading will be as follows:

108-120 mins = A

96-107 mins = B

84-95 mins = C

72-83 mins = D

30-71 mins = F
